

# Infection Control Safety Audit

Use this sample audit sheet developed for veterinary practices to develop policies and procedures relevant to your practice. 'Yes' means that the matter is in order. 'No' means that the matter should be assessed and controlled.

Does the practice have a written infection control plan based on the AVA Guidelines for veterinary personal biosecurity? Yes  No

Does the practice have clear policies around any species/animals which they do not treat? Yes  No

Are all employees trained about potential exposure to infectious diseases and how to mitigate the risks? Yes  No

Are all employees trained in (and use) appropriate hand hygiene? Yes  No

Does the practice have appropriate isolation facilities? Yes  No

Are all animals with suspected zoonotic diseases isolated? And is employee contact limited to only essential trained staff? Yes  No

Does the practice have enough and appropriate PPE for the potential cases their practice may encounter? Yes  No

Are all employees appropriately vaccinated? and is this documented? Yes  No

## Risk Control Action Plan

Use this form to prioritise and allocate responsibilities and resources for infection control measures.

Activities/strategies	Person/s responsible	Completion date	Evaluation date
<p>Complete risk identification and assessment before proceeding</p> <p>1. _____ _____</p> <p>2. _____ _____</p> <p>3. _____ _____</p> <p>4. _____ _____</p> <p>5. _____ _____ _____ _____</p>
